

PRODUCT SPECIFICATION

WIZARD™ CUSTOM MONITOR CREDENZA

The Monitor Credenza shall be a Wizard™ Custom Monitor Credenza (MCR) as manufactured by **Custom Monitor Solutions, Inc.** The Wizard™ MCR shall be constructed of a freestanding extruded aluminum framework, supporting wooden or metal paneling and work surface(s). As required, the MCR shall be outfit with locking cabinets, drawers, rack mounts, cable races, power ports and shall be designed to support monitors and other ancillary A/V equipment. The MCR shall be ergonomically designed to maximize Monitor and Camera sight lines. In addition to standard, orbital leveling feet, the MCR may be outfit with locking casters to facilitate access to the rear of the unit.

The Wizard™ MCR Series of multimedia furniture is available in black, gray, brown and taupe colors, with optional custom colors and veneer finishes available upon request.

The Wizard™ MCR work surface(s) may also be designed to accommodate touch panel and patch panel inlays.

Design & Documentation:

The Wizard™ MCR shall be designed completely in CAD and sign-off drawings will be provided to the customer prior to fabrication. A serial number shall be applied to the specified design and the CAD files shall be archived for future reference. The Wizard™ MCR shall ship either partially or completely assembled.

Construction:

The Wizard™ MCR shall be a prefabricated, heavy-duty, extruded aluminum and welded steel design. Wizard™ MCR construction includes wooden, plastic or sheet metal panels supported by a steel and aluminum framework.

Ventilation:

The Wizard™ MCR design shall allow for proper ventilation. For densely populated designs with high BTU equipment, the MCR may be outfit with optional exhaust fans, to provide for the efficient evacuation of electronic equipment heat. The bottom of the unit shall be mostly open to allow for maximum air circulation and to enable cabling to be run directly into the floor. As required, additional intake ports and fans will be strategically added to optimize ventilation.

Monitor & Cable Access:

The Wizard™ MCR shall be outfit with cable races, enabling neat and efficient cable management.

Factory Testing:

Prior to shipment, the Wizard™ MCR shall be pre-assembled. Satisfactory performance shall be documented and approved by the Wizard™ MCR manufacturer. A written and photographic record of this factory test shall be kept by the manufacturer and made available to the customer upon request.

Warranty:

The Wizard™ Factory Warranty shall cover all parts and labor for one full year from invoice date against defects in manufacturing. The manufacturer reserves the right to repair or replace the defective item to satisfy the customer.
